Unfair PnP printing test page

The page must be printed at actual size, with no stretching, scaling, or squashing to fit the paper.

This card shape should print at the marked size if the settings are correct. Measure it to make sure.

Use Adobe Acrobat or Acrobat Reader to print if possible. It can be more difficult to get the right size with other programs.

LOOK FOR A SETTING LIKE THIS:
• Actual size
• Scale 100%
• Scale to paper size: No scaling

DON'T USE SETTINGS LIKE THIS:
• Fit
• Fill entire paper
• Scale to fit
• Fit picture to page
• Shrink oversized pages

STILL THE WRONG SIZE?
You may need to manually adjust the percentage up or down.

Sometimes 99% or 101% is needed.
